**See Color Coordination Guide for more information.

***Single Wheeled End Caps (HCSW-XX*) are required for Guide Track installations.

† Rear Fascia incompatible with Wall Mount installations.

SYSTEM FEATURES

- ◆ Featuring our proprietary, all-in-one **SoloMount Brackets**: Ceiling, Wall or Jamb mount capable allowing easy, on-the-fly adjustments.
- ◆ Available with Front Fascia, Rear Fascia* or Both! Regular and Reverse Roll available. Motors may be Drive Right or Drive Left.
- ◆ **SoloMount Brackets** are designed to accept fascia at the time of order or at any point in the future.
- ◆ Some BottomRise components are available in White (-10) and Black (-90). WT Shade will color coordinate based on the selected fabric color. Refer to the *Color Coordination Guide* for more information.
- ◆ This system uses Low Voltage motors by Somfy. See RTS Communication Guide for motor details.
- ◆ All motors require a Motor Control in order for the shade to operate. All Motor Controls are sold separately. See RTS Communication Guide for Motor Control options and information.
- ◆ All WT Shade roller shades are available in the *exclusive* line of sustainable solar protection fabrics by EcoFabrix. To view all available fabrics, visit EcoFabrix.com.
- ◆ Construction Documents for this system and others available at WTShade.com.

*Rear Fascia incompatible with Wall Mount installations.

SYSTEM CAPABILITIES

BOTTOM-UP APPLICATIONS

MODEL	MU150-1.5S	MU150-1.5L
WIDTH	24½"-36¾"	36½"-96"
LENGTH	96"	120"

Width and Length may vary depending on the selected shade fabric. The measurements given above are based on EcoFabrix 253. These measurements are for guideline purposes only and in no way guarantee that a shade with any other fabric can be made to these dimensions.

SKYLIGHT APPLICATIONS

MODEL	MU150-1.5S	MU150-1.5L
WIDTH	24½"-36¾"	36½"-66"
LENGTH	60"	96"

Width and Length may vary depending on the selected shade fabric. The measurements given above are based on EcoFabrix 253. These measurements are for guideline purposes only and in no way guarantee that a shade with any other fabric can be made to these dimensions.

EDGE CLEARANCES

† Deductions will be increased to 1/2" each side for systems with Guide Track
